For photos and layout material released by ARCOTEL Hotels for media purposes, please visit our DOWNLOAD section. Logos are provided as jpg files in two resolutions, i.e. cmyk (for print) and RGB (for web). The copyright for all photos lies with ARCOTEL Hotels & Resorts GmbH. Similar to other companies, ARCOTEL Hotels places major importance on the compliance with its corporate design standards. For this reason, we ask you to exclusively use logos complete with the ARCOTEL lettering and the name of the respective hotel and location underneath. In addition, please use the group's name in combination with the individual hotel's name rather than the hotel's name on its own, e.g. the ARCOTEL Wimberger instead of the Wimberger Hotel.
